Alphand asked what we had in mind by neutral country representations to Soviets not to obstruct access: Murphy mentioned India as possibility. Kohler noted we have already started process diplomat ically informing other governments on our position and attitude toward Berlin-Germany situation as part of effort to elicit broad support and build opposition to Soviet forcible obstruction to Berlin access. Tobler.

emplained US had staffed out own paper which recognized complicated nature of introducing matter into UN and extracted general principles to keep in mind: suggested setting up special tripartite sub-group to study further.

d to establish sub-group
